

# **General Guidelines for Technical Assistance Grants for Credit Unions**

## **Urgent Needs Grant-2005**

### **What is the purpose of Technical Assistance Grants (TAGs)?**

The National Credit Union Administration's (NCUA's) Community Development Revolving Loan Fund (CDRLF) was established by Congress to support credit unions that serve low-income communities by making loans and TAGs available to qualifying institutions. Low-interest loans/deposits are made available to low-income designated credit unions to enhance their financial capacity to, in turn, extend financial services to their members.

Congress appropriates funds to the CDRLF for loans and grants. The interest earned on loans is also available as a source of additional funds retained by the program for grant purposes. Such grants are provided to:

- Improve the quality of services to members;
- Make the operations of low-income credit unions more efficient; and, ultimately
- Stimulate economic activities in the communities served by the credit unions.

The CDRLF grant program is administered through NCUA's Office of Small Credit Union Initiatives.

### **How does the grant payment process work?**

Grants from the CDRLF are reimbursable grants. Credit unions applying for TAGs under this, or any, CDRLF initiative must obtain approval of the proposed expenditures before making those expenditures. NCUA will not fund any grant where the credit union has committed to, procured, contracted for, or purchased the good or service before receiving approval for the grant.

### **What is the Urgent Needs Grant?**

The urgent needs grant is provided to ensure the continued growth and viability of the credit union. Urgency is defined as a circumstance where a credit union has a compelling need for immediate action or attention and where receipt of a grant is expected to mitigate that urgency. Typically, an urgent need relates to the continuity of the credit union's operations and services to its members.

To be considered for this grant, the credit union must have already taken action to address any issues of supervisory concern, yet still need financial assistance to further improve operations. Examples of urgent needs include, but are not limited to: activities such as conducting an audit; updating records; or, collecting delinquent loans. The primary

purpose of a request for an urgent needs grant must be consistent with the purpose and intent of the CDRLF program.

### Which credit unions are eligible to apply?

To participate in the Program, a federally chartered credit union must be currently designated as a “low-income” credit union as set forth in NCUA’s Rules and Regulations, Section 701.34. A state chartered credit union must have the equivalent low-income designation from its respective state supervisory authority (SSA) and concurrence from NCUA.

In addition, based on an Office of Management and Budget (OMB) policy directive effective October 31, 2003, credit unions must have a Dun and Bradstreet Universal Numbering System (DUNS) number in order to be eligible to receive grant or loan funding from the CDRLF. As of this printing, a DUNS number may be obtained by calling Dun and Bradstreet, toll-free, at 1-866-705-5711.

### How much money is available?

This grant is funded from interest earned on CDRLF loans. For 2005, those earnings are approximately \$200,000. Low-income designated credit unions may apply for grants of up to \$5,000. Applications will be reviewed as they are received. Grants will be awarded based on the merit of the application.

### What are the application deadlines?

Application Open Date:	March 15, 2005.
Application Closing Date:	This grant has no closing date.

### What is the method for evaluating the grant applications?

Applications will be evaluated as they are received. Grant applications will be evaluated based on financial and non-financial factors as listed below.

Financial factors include the following:

- CAMEL Rating
- Net Worth Ratio
- Delinquency Ratio
- Return on Assets Ratio.

Financial factors are used to determine the financial health and fitness of the credit union and its ability to carry out the project as described in the grant application.

Non-Financial factors include the following:

- Assessment of Management is a determination of whether management has been responsive to examiners, and whether management has the ability and depth to carry out the project described in the grant application.

Purpose is a determination of whether the outcome of the project, as described in the grant application, coincides with the purpose of the CDRLF as described in Section 705.2 of the NCUA's Rules and Regulations. That purpose would be: (1) providing basic financial and related services to residents in their communities; and (2) stimulating economic activities in the communities they serve which will result in increased income, ownership and employment opportunities for low-income residents, and other community growth efforts.

Assessment of Impact is a determination of the scope and reach of the proposed use of the grant funds. Grant applications which indicate that grant funds will have an impact on credit union members and the community as whole receive priority consideration.

Previous Funding is a determination of whether the credit union has received previous CDRLF grant funding. Credit unions which have NOT received funding in the past will receive priority consideration.

Ability to Self-Fund is an assessment of the credit union's net worth, cash, and liquidity to determine whether the credit union has the ability to fund the project on its own. Priority consideration is given to those credit unions which cannot completely fund the project as described in the grant application.

Partnerships is a determination of whether the credit union has developed other partner relationships and has considered other sources of grant funds. Priority consideration is given to those credit unions which have developed partner relationships.

Urgency is defined as a circumstance where a credit union has a compelling need for immediate action or attention and where receipt of a grant is expected to mitigate that urgency. Typically, an urgent need relates to the continuance of the credit union's operations and services to its members.

## What information needs to be submitted with the grant application?

Credit unions must submit a completed Technical Assistance Grant Application.

## Where should completed applications be submitted?

Applications may be mailed to:

Office of Small Credit Union Initiatives  
National Credit Union Administration  
1775 Duke Street  
Alexandria, Virginia 22314

Applications may be faxed to:

(703) 518-6680

## When will credit unions know about grant awards?

Applicants will be notified of the award decisions generally within 15 business days after OSCUI receives the grant application.

## What is the reporting requirement after receiving a grant?

Credit unions receiving awards must provide a summary of the impact of the grant funding to OSCUI. Summaries should be submitted to the address listed above.

The time frame for submitting the summary is generally 6 months after receiving the grant, and will be restated in the award letter mailed to the credit union. The submission deadline is established to allow reasonable time for the credit union to ascertain the benefits of the grant.

The summary should discuss the overall project and how the funding enabled the credit union to accomplish its objective. Credit unions must specify the impact that grant funds have had on the credit union's delivery of service and the consequences upon the community the credit union serves.

Failure to submit a summary will negatively affect the credit union's ability to receive grants in the future.

## How can credit unions contact the office with questions?

Credit unions can contact the office at the address above or
